#### **OUR PLEDGE AGAINST COVID-19**

Countries and governments across the globe are coming together to fight the global pandemic of COVID-19. In India, the government at both central and state level has been taking numerous steps to contain the spread of COVID-19 and treat the impacted in the most efficient way. Jubilant Bhartia Group companies are committed to support these measures of the government at all levels. The Group recently contributed ₹10 crore in the PM Cares-fund towards fighting COVID-19. Through its not-for-profit arm - the Jubilant Bhartia Foundation, the Group is committed to serve and protect its community and other stakeholders in these times of distress.

#### JUBILANT BHARTIA FOUNDATION (JBF)

Established in 2007, Jubilant Bhartia Foundation (JBF) is the not-for-profit organisation of the Jubilant Bhartia Group. The foundation focuses on conceptualising and implementing the Corporate Social Responsibility (CSR) initiatives for the Group. The Jubilant Bhartia Foundation's activities include various community development work, healthcare programs, cultural and sports events, environmental preservation initiatives, vocational training, women empowerment, educational activities and promotion of social entrepreneurship in India.

Through its on-ground initiatives in areas of health & safety, food distribution, communication, sanitization & support to the local administration and government, the JBF aims to protect its stakeholders from this global unprecedented crisis.

The highlights from last week's initiatives by JBF include:

#### **Food & Essentials Distribution**

Amidst the COVID-19 pandemic, the vulnerable sections of the society including migrant daily wage workers, pregnant and lactating mothers, old citizens and at-risk children have been the worst sufferers due to unavailability of food, medicines and monetary support. The JBF team has been supporting these marginalised people through free distribution of ready-to-eat food packets and dry groceries at various locations in the country.

This week the team undertook the following initiatives in supporting the vulnerable through food distribution:

- 2000 packets of wheat flour (10 kg each) contributed to the community kitchen at Amroha in Uttar Pradesh. JBF has been supporting the community kitchen through an earlier contribution of ₹5, 26,516 towards its establishment and later through contribution of 6400 L of oil
- 800 ready to eat food packets distributed among slum dwellers & people residing at the leprosy centre at Gajraula in Uttar Pradesh
- 35 dry ration kits distributed to Vorasamni village at Bharuch in Gujarat
- 550 meal packets distributed at Nira & Nimbut villages for daily wage workers in Maharashtra

## 2

#### **Distribution of Masks**

Sanitizers and masks play critical role in protection against the COVID-19. Keeping this in mind, the JBF team has been distributing free of cost masks to its community members, employees and authorities at various places in the country for protection against COVID-19.

The team has also been facilitating the stitching of face-masks through several Self Help Groups (SHGs) across the country at multiple locations.

This week the JBF team undertook the following initiatives:

- **1500** cotton reusable masks prepared by Self Help Groups (SHGs), facilitated by the JBF team, given to employees & community members at Bharuch in Gujarat
- 200 cotton reusable masks prepared by local SHG given to community members at Roorkee in Uttarakhand

## Manufacturing and Distribution of hand sanitizers

Last month, Jubilant Life Sciences Limited (a Jubilant Bhartia Group company) through its in-house innovation and by realigning its manufacturing facilities along with government approvals, quickly started the manufacturing of hand sanitizers for free distribution.

The JBF team has been distributing free hand sanitizers to community members, health care workers, local administration, police and other vital personnel fighting COVID-19 across the country.

#### This week, JBF has undertaken the following hand sanitizer distributions:

- 1000 L sanitizer contributed to Pune Municipal Corporation, Maharashtra
- 500 L of sanitizer given to District Administration (DM's office, SP's office, police stations, community health centres, GST office etc) at Amroha in Uttar Pradesh
- 30 L sanitizers given to Government officials at Bharuch in Gujarat
- 15 bottles of 100 ml each, sanitizer given to the SDM's office at Roorkee in Uttarakhand
- 250 L sanitizer given to the local administration at Nira in Maharashtra

#### **Awareness Generation**

The JBF team organised awareness generation workshops for the Self Help Group members in two villages of Savli in Gujarat. The JBF team has been organising awareness generation workshops for its community members in the local language of the community with the help of local leaders. In times of a global pandemic it is important that right information reaches the community and helps them take appropriate measures to protect themselves.

#### **Other initiatives**

The JBF team undertook the following additional initiatives:

- Temperature Gun donated to Primary Health Centre at Nimbut in Maharashtra
- Sanitization of the SDM vehicle undertaken at Roorkee in Uttarakhand
- Jubilant provided 100 PPE kit to SDM at Gajraula in Uttar Pradesh

### JUBILANT FOODWORKS LIMITED (JFL): ACTIONS AGAINST COVID-19

In the past several weeks Domino's Pizza (JFL owns exclusive rights to develop and operate Domino's Pizza brand in India, Sri Lanka, Bangladesh and Nepal) through its numerous measures has been supporting the efforts of the Government at both central & state level and local administration in fighting the COVID-19 pandemic.

Domino's has been taking several measures to ensure the safety and well-being of its employees and customers at various locations across the country. As a rule, all Domino's Safe Delivery Experts are 100% company employees and follow heightened sanitization and hygiene protocols at all its restaurants. It has moved all its deliveries to Zero Contact Delivery thereby avoiding any physical contact with the customer. All employees in the stores are being temperature screened every day and follow a mandatory hourly hand wash protocol for a minimum of 20 seconds. Domino's is also deep sanitizing its restaurants as well as delivery bikes, boxes and pizza hot bags every four hours.

#### Other initiatives by the JFL team in the last week across the country include:

#### Rajasthan

Continuing its efforts to help the front-line warriors, the JBF team in Rajasthan distributed pizzas in Jawahar Nagar, Adarsh Nagar and Transport Nagar Police Stations. The team also distributed pizzas to police officers stationed at various intersections in Jaipur city.

#### Delhi

The JFL team in Delhi distributed pizzas to police officers on active duty in several parts of west and northwest Delhi. This activity was done successfully while following all necessary precautions such as social distancing, wearing mask, using sanitizers. During this event, the JBF team also shared best practices with each other.

#### Uttarakhand

JBF team in Uttarakhand decided to ensure that the front-line warriors are all well fed. They served pizzas to the brave policemen posted at Rajpur road post, Karanpur post & Garhi Cantt. post in Dehradun and at the Ranipur post in Haridwar. The team was rewarded with smiles on the faces of the soldiers while enjoying their pizzas.

JUBILANT' S RESPONSE TO COVID-19

#### Punjab

The authorities in Mohali have been proactively helping the students. With the usual supply of dry ration and essential items, last week the students were pleasantly surprised by a special delivery of Domino's pizzas. Working with the Sub-Divisional Magistrate, JBF teams delivered pizzas to students stranded in Mohali.

#### OTHER INITIATIVES – DOMINO'S CARES

Since the pilot delivery of the initiative Domino's Cares, JFL has delivered buns and garlic breads in government camps in Noida and Ghaziabad. The company is planning to scale up the project to other regions across the country. JFL will be able to successfully use these mechanisms to act against any calamity, even faster in the future.
